Colony Scout - Enhancement #1016

ESD Protection

01/16/2010 04:01 PM - Kevin Woo

Status:	Wontfix	**Start date:**	01/16/2010
Priority:	Normal	**Due date:**	
Assignee:	Kevin Woo	**% Done:**	0%
Category:	Scoutfly	**Estimated time:**	0.00 hour
Target version:	1.0		

Description

Add ESD protection on any exposed pins to the board

History

#1 - 07/29/2010 07:14 PM - Kevin Woo

- Status changed from Assigned to Wontfix

Lack of room / budget /time. Pins however are more protected anyway since they are either on the FFC which is enclosed, the JST which are below the board, and the robot is enclosed rather than exposed like on the previous models.
