

Tooltron - Bug #1327

Server dies when internet is out

04/24/2010 06:25 PM - Kevin Woo

Status:	Assigned	Start date:	04/24/2010
Priority:	Normal	Due date:	
Assignee:	Brad Neuman	% Done:	0%

Target version:	1.0		
Description			
<p>The server dies when the internet goes out necessitating the manual override of tools. This may be a security hole but perhaps we should enable all tools when people swipe if the internet goes out and the mysql server can't be accessed. That way it will be transparent to users.</p>
