

Colony - Task #1453

Line Follower Collimator

09/30/2010 07:29 PM - John Sexton

Status:	Assigned	Start date:	09/30/2010
Priority:	Tabled	Due date:	
Assignee:	Megan Dority	% Done:	0%
Category:	Hardware	Estimated time:	0.00 hour
Target version:			
Description			
Design a collimator and attachment scheme for securing the line following sensor to the bottom of the robots.			

History

#1 - 10/10/2010 12:43 AM - John Sexton

- Category set to Hardware

Collimator may no longer be needed. Still may need a better mount for line-following sensor.

#2 - 10/12/2010 07:56 PM - John Sexton

- Priority changed from Normal to Tabled
