

Colony - Bug #1574

wl_basic_do_default(int *length) doesn't set *length to zero if no packet received

11/11/2010 09:37 PM - Alexander Lam

Status:	Assigned	Start date:	11/11/2010
Priority:	Normal	Due date:

Target version:			
Description			
Either need to add code to preset &dataLength = 0 in /home/lama/projects/colony/trunk/code/projects/traffic_navigation/main.c (rev 1867) before calling wl_basic_do_default, or change wireless lib to set *length to zero.
